FEATURED COCKTAIL

San Luis Port Grog

-18-

ron zacapa 23 year rum | cutwater spirits spiced rum | mt gay aged rum | lime

grapefruit | bitter truth pimento dram | demerara sugar

The word "grog" itself can refer to a variety of alcoholic beverages. It originally referred to a drink made with water and rum, which was introduced into the Royal Navy by British Vice Admiral Edward Vernon on August 21, 1740. The San Luis Grog takes a boozy dip into international water with an exciting blend of rums from all over the world. Adding the sweetness of honey and a tang of citrus, this utterly intoxicating libation is enough to sway even the saltiest of sailors. Served blended.
